JUNE 2017

---

## **NEW POLICY ON THE LOSS OF A CAR LICENCE**

A current drivers licence is essential to work as a Disability Support Worker with NWRSS.

Because the loss of a licence can involve many different types of convictions it is necessary for NWRSS to cancel an employee's employment when they lose their licence. Once they have their licence back they will have to reapply for a position and go through all of the Recruitment and Induction steps.
