Review Date: <January> <2016>

**YOU HAVE DIRECT ACCESS TO THE MANAGER ON SAFETY MATTERS
REPORT A RISK
0418 140 000**

Who is at greatest risk?

Is this you?

North West Residential Support Services has always maintained a very low workers compensation claim rate. Our claims history is now revealing that this reputation is at risk because:

**We have an aging workforce
Some employees carry excess weight
Some employees are unfit**

What can we do about this?

Reduce weight

Get fit

At the very least, be very careful in the work place

**This booklet is under Policies &
Procedures on the website**
